Notes to Financial Statements
December 31, 2018

Note 1 – Organization and Nature of Business

Globalink Securities, Inc. (the Company), formerly Palm Springs Retirement Investments Corporation (PSRIC), was incorporated in the State of California on January 3, 1992 and is registered as a broker-dealer in securities under the Securities Exchange Act of 1934. The Company, in connection with its activities as a broker-dealer, holds no funds or securities for customers. The Company executes and clears all of its transactions through its clearing broker on a fully disclosed basis and, accordingly, is exempt from the provisions of Rule 15c3-3 under Subparagraph (k) (2) (ii).

The stock of PSRIC was purchased on July 16, 1997 by Wall Street Holding Company (WSHC), the parent company of Globalink Securities, Inc.

On August 1, 2002, the stock of WSHC was purchased by a sole shareholder.

In 2003 the Company returned, to the above sole shareholder, the majority amount of his capital and then a group of new investors took control of the Company.

Note 2 -- Significant Accounting Policies

Basis of Presentation – The Company conducts business on a fully disclosed basis. The Company does not hold customer funds and/or securities. The Company currently conducts several types of business as a securities broker-dealer, including:

- Broker or dealer retailing corporate equity securities over-the-counter
- Broker or dealer selling corporate debt securities
- Mutual fund retailer
- U.S. government securities broker
- Broker or dealer selling variable life insurance or annuities
- Solicitor of time deposits in a financial institution
- Put and call broker or dealer or option writer
- Private placements of securities

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition– The company is a full service introducing broker dealer. Revenues are generated in the following ways:

- 1) Clients and brokers place trades (usually stocks, options, bonds, and mutual funds) online or from the company's back office system which will go through to its clearing firm Wedbush Securities. Wedbush Securities pays the Company commissions on a monthly basis.
- 2) Brokers assist or help clients submit/purchase financial products (mutual funds, VA's, and VUL's) directly from issuing companies. The Company receives commissions from the issuing companies.

Note 2 -- Significant Accounting Policies (continued)

- 3) The Company receives monthly or quarterly income from 12B-1 fees, management fee rebates, and interest rebates through mutual fund and management companies.
- 4) The Company receives affiliation/compliance fees from registered persons on a monthly basis.

Income Taxes – The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The accounting principles generally accepted in the United States of America provides accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Company in its Federal and State organization tax returns are more likely than not to be sustained upon examination. The Company is subject to examinations by U.S. Federal and State tax authorities from 2015 to the present, generally for three years after they are filed.

Depreciation – Depreciation is calculated on the accelerated method over estimated economic lives. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease. Property and equipment are carried at cost.

Statement of Changes in Financial Condition – The Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Note 3 – Fair Value

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Globalink Securities, Inc.
Notes to Financial Statements
December 31, 2018

- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2018.

Fair Value Measurements on a Recurring Basis
As of December 31, 2018

Assets	Level 1	Level 2	Level 3
Cash and Securities	\$ 1,000,207	\$ 0	\$ 0
CRD Deposit	0	1,876	0
Clearing Broker Deposit	<u>212,557</u>	<u>0</u>	<u>0</u>
Total	\$ <u>1,212,764</u>	\$ <u>1,876</u>	\$ <u>0</u>

Note 4 – Receivable From and Payable to Broker-Dealers and Clearing Organizations

Amounts receivable from and payable to broker-dealers and clearing organizations at December 31, 2018, consist of the following:

	Receivable	Payable
Fees and commissions receivable/payable	<u>\$79,384</u>	<u>\$219</u>

Note 5 – Related Party Transactions

Investlink America LLC is owned by the President of Globalink Securities, Inc. The share were purchased for \$525,360. The transactions increased the Company's paid in capital by \$ 514,100.

Note 6 - Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. Globalink Securities, Inc.
Notes to Financial Statements

Note 8 – Provision for Income Taxes

The Company files its Federal and state tax returns on the cash basis. Because of operating losses, approximately \$2.0 million, carried forward from prior years, there is no Federal income tax and a state tax of approximately \$20,000.

Because of the changes in ownership (See Note 1) the Company's historical losses (NOL's) get substantially reduced.

The clearing broker carries all of the accounts of the customers of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance sheet risk exists with respect to the transactions due to the possibility that customers may charge any losses they incur to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and to ensure that customer transactions are executed properly by the clearing broker.

Note 11 – Exemption from the SEC Rule 15c3-3

The Company is an introducing broker-dealer that clears all transactions with and for customers on a fully disclosed basis with an independent securities clearing company and promptly transmits all customer funds and securities to the clearing company, which carries all of the accounts of such customers and maintains and preserves such books and records pertaining thereto pursuant to the requirements of the SEC Rule 17a-3 and 17a-4, as are customarily made and kept by a clearing broker or dealer

Note 12 – Subsequent Events

Management has reviewed the results of operations for the period of time from its year end December 31, 2018 through February 26, 2019, the date the financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying combined financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
EXEMPTION REPORT REVIEW**

To the Board of Directors and Shareholders
of Globalink Securities, Inc.

I have reviewed management's statements, included in the accompanying Exemption Report Review, in which (1) Globalink Securities, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Globalink Securities, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3:k(2)(ii) (the "exemption provisions") and (2) Globalink Securities, Inc. stated that Globalink Securities, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Globalink Securities, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Globalink Securities, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
